PUBLIC INFORMATION MEETINGS

THE PROJECT

The Gordie Howe International Bridge project between Windsor, ON and Detroit, MI will help move goods and people more efficiently at this important trade gateway. Managed by Windsor-Detroit Bridge Authority (WDBA) and working in collaboration with the State of Michigan, the project is being delivered through a public-private partnership (P3) which will see Bridging North America (BNA) design, build, finance, operate and maintain the bridge.

INVOLVING THE PUBLIC

You are invited to attend Public Information Meetings on Tuesday, March 19, 2024, in Detroit, Michigan and Thursday, March 21, 2024, in Windsor, Ontario. Join us to meet project representatives, get the latest design and construction updates, as well as hear progress on Community Benefits Plan implementation.

Attendees can also share feedback on the future operation of the Gordie Howe International Bridge multi-use path. Information gathered will help inform future operational policies related to access, public safety and user experience.
